Your Questions, Answered

Will this work for my child?

Absolutely. The cases are designed to hook even the most reluctant readers — because every chapter ends with a hands-on experiment, not a quiz. Kids aged 8–12 stay engaged because *they* solve the mystery.

What equipment do I need?

Nothing special. Every experiment uses everyday items already in your kitchen — salt, water, paper, basic household tools. No shopping, no prep, no mess.

Our "Detective Promise"

We want your child to love every case. If the mysteries aren't a hit within 14 days of purchase, email us at office@agentpeel.com and we'll issue a full refund — no questions asked.

What happens after you buy?

Instant Access

Check your inbox immediately after payment for your secure download link.

Can't find it? Check your spam folder.

2

Read & Investigate

Open on any device — tablet, phone, or computer. Or print it out. Ready to read within minutes.

3

Become a Detective

Hand the case to your child and watch them put the screen down — voluntarily.
